CloudCME RSS Event CloudCME RSS Event - 9/18/2025 September 18, 2025 10:00 AM - 11:00 AM Heersink School of Medicine Montgomery Regional Campus Lori Meneide, MD, MBA

Targeted Audience: Family Practice

Objectives:

Recognize that lifestyle choices are the root cause of most disease, death, and healthcare cost.
Utilize patient-centered MI skills to help elicit and strengthen the internal motivation for change.
Clarify the basic biology of inflammatory skin disease so that participants will be able to select evidence-based treatment regimens and apply recent clinical evidence to selection of treatment for different inflammatory skin diseases.

4 Communicate the biology of skin disorders so that participants will be able to more effectively convey the biology of the disease to patients, enhancing understanding and treatment compliance.

Disclosure:

The presenter discloses that they have no relevant financial relationships that create a conflict of interest related to the content of his presentation.

Master Continuing Medical Education adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CE activity, including faculty, planners, reviewers or others are required to disclose all relevant financial relationships with ineligible entities (commercial interests). All relevant conflicts of interest have been mitigated prior to the commencement of the activity.
